THE ART LEAGUE OF NASSAU COUNTY

The Art League of Nassau County (ALNC) is an association of artists united in support of the fine arts of painting and sculpture. We are joined together to support our activities as fine artists. Since 1925, we have organized opportunities for our members to:

- exhibit their watercolors, oil paintings, pastels and sculpture in public forums
- host monthly demonstrations by our area’s top fine artists
- organize workshops enlisting professional art teachers to instruct students in a small group setting
- provide professional support through the ALNC website, www.ArtLeagueofNC.org
- provide the opportunity for artists to join together in a community of fellow painters

A COMMUNITY OF ARTISTS

We provide fine artists with a community in which to join with their fellows in activities related to the arts. Our members work together to plan exhibitions, we paint together in plein air sessions, we learn together at monthly meetings where artists at the top of their craft demonstrate their techniques in watercolor, oil, pastel and sculpture. We grow as professionals as we exchange ideas and accomplishments with other members.

DEMONSTRATIONS

ALNC hosts the metropolitan area’s leading watercolorists, oil painters, pastel artists and sculptors to demonstrate their technique and insight to members and the general public. Meetings are held the fourth Friday of the month at the Recreation Center, 1601 Clinton G. Martin Park, New Hyde Park 11040. HISTORY

The Art League of Nassau County was founded in 1925 by a small group of Long Islanders intent on exhibiting their works to the public and fostering interest in the visual arts. In 1926, the League mounted its first exhibition of 18 paintings at the Nassau County Court House.

In 1935, the League acquired a permanent gallery space in the Bohack Building, Hempstead, and established the Nassau Institute of Art. Approximately 600 students passed through the school before classes were suspended at the outbreak of World War II.

League Exhibitions were held for many years in the Palm Lounge of the Garden City Hotel. Other exhibition sites have been Lever House, NY City; Adelphi University, Garden City; Chung Cheng Center, Saint John’s University; Great Neck Public Library; Lincoln Center, New York City.
